

I would like to say this is a family friendly station,Its the only station we listen to all day long.AS for my community it is a great uplifting station providing morals and comfort to shut ins and a variety of music and news.I feel that if this station would be replaced by LPFM IT WOULD BE A TREMENDOUS loss to all of Colorado not just my community, for when we travel we tune in to KLOVE in every town we pass through Please dont take Klove of our FM translator.Thank You
John Clark
